

"All Weather" Super Duty Warning Whips

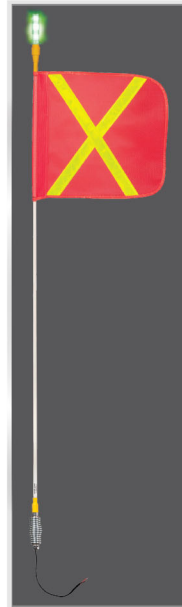

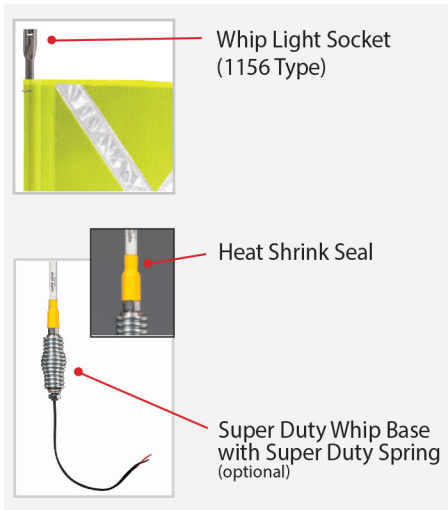

Customizable Complete Whip Assemblies built to handle the most EXTREME Environmental Conditions!

Consider these one of the strongest whips on the market today! SafetyWhips® "All Weather" Super Duty Whips surpass all expectations of durability on the job site. No matter the environment or weather condition, these are built to last while maintaining over 1000ft (304.80m) of visibility! Powered and built with a threaded base, we offer standard whip lengths from 1ft (.30m) to 12ft (3.66m). Structurally, these whips utilize the addition of a locked-in "shielding seal" component (heat shrink) visible top and bottom to maximize performance, strength and longevity. With various customizable assembly options available, outfit your whip to any environment and job site needs!

SD10-YXW-30B
